

**A CONVENIENT AND HEALTHY STEP FORWARD IN THE CELEBRATION OF COMMUNION**

# CELEBRATION

Whether in a church with 30 people or in a stadium with 30,000, we are never more in touch with our Lord than when we celebrate Holy Communion.

That is why, after years of extensive research, development, and strategic alliance with churches and suppliers around the world,

**Compak Companies LLC developed the Celebration Cup.**

## WHAT IS THE CELEBRATION CUP

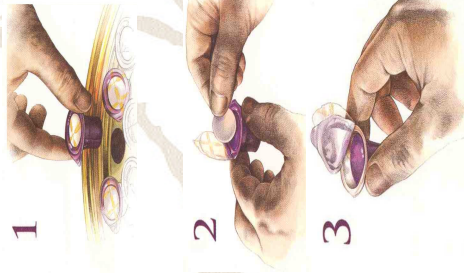

- The **Celebration Cup** provides the same elements of traditional communion; yet, while the elements are the same, the packaging has changed. Each individual serving is pre packed, purity sealed and virtually **Germ-Free.**
- With the **Celebration Cup, there is nothing to prepare before communion and nothing to wash** after the communion has been passed.
- Due to our patented design, the **Celebration Cup will fit into your existing communion trays.** Time during services will be saved as trays only have to be passed once.
- The **Celebration Cup is also ideal for settings outside the sanctuary** –from retreats, outdoor services and outreach to shut-ins and hospital visits. **Unopened cups can be stored without refrigeration for up to 6 months.**

In other words, the **Celebration Cup** is more than a time-saver. It's **good stewardship.**

Call 1-866-367-2877 to order a supply today.

**Experience for yourself the convenient way to celebrate Communion!**

## NOW COMMUNIONS IS AS SIMPLE AS "1, 2, and 3"

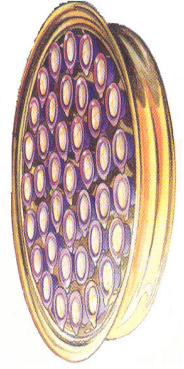

**1**  
The **Celebration cup** is Perfectly designed to fit your communion trays

**2**  
Peel back the air-tight seal and eat the unleavened wafer

**3**  
Push up and Peel back the second seal and drink the **juice or wine**
